You have 80 seconds to overtake 70 cars. Drive at speeds of up to 300 mph, trying to avoid the other cars as they swerve across the road in front of you. If you can manage this without losing your 3 lives, play is extended, but this time you have only 60 seconds. Each extended play gives you an extra life and a bonus score. The game features many different screens, day and night driving and a high score record.
